FRONTEND DEVELOPER

CORE COMPETENCIES

- ❖ CSS, HTML
- ❖ JavaScript
- ❖ User Experience (UX)
- ❖ Prototyping
- ❖ Frameworks
- ❖ Git/Version control
- ❖ Testing, Debugging
- ❖ Troubleshooting
- ❖ User Interface (UI)
- ❖ Bootstrap, CMS
- ❖ Product Management
- ❖ Web Development
- ❖ jQuery, ReactJS
- ❖ Software as a Service (SaaS)
- ❖ AngularJS
- ❖ Front-end Development
- ❖ Web Development
- ❖ Responsive Web Design
- ❖ Web Design

EDUCATION

Bachelor of Science (B.Sc.)
Information and Communication Technology
ISCG University, Benin Republic.
www.iscg.edu.bj
2021.

National Diploma (ND)
Electrical Electronics Engineering
Kwara State Polytechnic.
kwarastatepolytechnic.edu.ng
2016.

SOFT SKILLS

- Critical Thinking
- Problem-Solving
- Decision Making
- Organizational
- Time Management
- Adaptability, Leadership
- Creativity, Teamwork
- Collaboration, Multitasking
- Attention to Detail
- Interpersonal Communication

CAREER SUMMARY

❖ A front-end developer skilled at using markup tools for developing and optimizing user interfaces to enhance web page and app user experience significantly. Proven ability to incorporate aesthetically appealing design components in web development. Possess expertise in testing developed web pages and apps, identifying coding errors and debugging them to ensure seamless operation.

OUTSTANDING ACHIEVEMENTS

1. Developed and optimised 10+ frontend codes for 5 product prototypes.
2. Assisted in creating 15+ appealing, functional and usable user interfaces.
3. Tested 10+ products and debugged them to improve web app performance.
4. Pair reviewed developed codes that minimised coding discrepancies by 11%.

PROFESSIONAL EXPERIENCE

Frontend Developer Trainee   **Mar – June 2023.**
Leinad Studios • Nigeria.

- Developed and optimised 6+ frontend codes for 5 product prototypes.
- Assisted in creating 10+ appealing, functional and usable user interfaces.
- Worked closely with senior developers and engineers to improve output.
- Learnt and integrated HTML and CSS in creating beautiful user interfaces.
- Tested 5+ products and debugged them to improve web app performance.
- Mastered the use of JavaScript to improve the interactiveness of web pages.
- Updated my development skills by connecting with developer communities.
- Pair reviewed developed codes that minimised coding discrepancies by 11%.
- Monitored the team's source code improvements with the Git version control.
- Utilised JavaScript and ReactJS to build user interfaces for 3 web applications.
- Collaborated with 5 backend developers in developing & optimising products.

OTHER EXPERIENCE

- **Educator**   **Apr 2022 – Mar 2023.**
  U.M.C.A Senior Secondary School.

TRAINING

- Basic Certificate in Frontend Web Development – Leinad Studios.   2023.

SKILL ANALYSIS

- Exceptional grasp of aesthetic design concepts and integration to UI/UX.
- Skilled at acquiring required knowledge and learning skills at a fast pace.
- Ability to effortlessly adapt to new innovative operational improvements.
- Pay close attention to details, enhancing prompt detection of coding errors.
- Excellent team player with great collaborative skills to enhance productivity.
- Excel at taking the initiative in self-studying and perfecting developing skills.
- Persistent self-starter that takes up challenges & ensures effective resolution.
- Creative thinker that is able to critically analyse problems & proffer solutions.
- Able to manage multiple assigned tasks while working under tight deadlines.
- Effectively communicate & align project requirements with senior developers.
